VERSE 1

Bm F#
It's been such a long time since I met you back on Skaro

G
And I'm pretty sure that you know

E F#
That not much has changed since then

Bm F#
It doesn't matter how hard you try to remove me

G
I think you will agree

E
That if one of us dies, then the other will too

F#
I am locked in war with you

CHORUS

Bm
Exterminate, Regenerate
F# G
I thought you always knew our fate

E F#
To just keep fighting on and on while time keeps turning

Bm
Regenerate, Exterminate

F# G
And even though we are the same

E F#
Why don't you hop into your ship and leave me burning

MELODICA SOLO

D C G D Dadd9 D

VERSE 2

Bm F#
Even though, as men, we have our contrasts
G
We're of exactly the same class
E F#
And our constant companion is death
Bm F#
Look at you, fashioning people into weapons
G
How can you say that you're better than me?
E F#
We both carry the fire, that is set to devour life

CHORUS

MIDDLE

D C
We both carry the fire, that has the power to end life
G D Dadd9 D
But what I do with that flame is what separates our types
D C
If it takes till the end of reality to beat you
F# D
Then I'll be sure to meet you, at the exit of the world

INTRO

CHORUS

Bm
Exterminate, Regenerate

You know that it isn't too late
E F#
To end what seems impossible and leave time turning
Bm

F# G
And even though we are the same
E F#
Why don't you hop into your ship
E F#
And we can settle this, and we can settle this

CHORUS x2

E F#
And we can settle this, forever
E F#
Yeah we can travel time, together
E F# Bm
We can settle this, forever
