

Interlude: Moving On

Paramore

VERSE 1

Let 'em have their time, sit back and let 'em shine
Let 'em rise and rise, 'cause one day they're gonna fall
Let 'em soak in the sun, sit back and let 'em have their fun
Let 'em spill their guts, cause one day they're gonna slip on 'em

CHORUS

Well I could be angry but you're not worth a fight
And besides, I'm moving on
I've counted to ten and I'm feeling alright
And besides, I'm moving on

VERSE 2

Let 'em play their songs, let 'em say what's right and wrong
Let 'em do their thing, 'cause it'll never be you and me
We got our own style, we got a way of living life
If they can't get down, well, we don't need them around

CHORUS

G B7 Em C
Well I could be angry but you're not worth a fight

G C G
And besides, I'm moving on

G B7 Em C
I've counted to ten and I'm feeling alright

G C

B7 Em

C D G
And besides, I'm moving on
